Eminence Facial Bar (25 minutes) \$30

This treatment is designed for those who are interested in learning more about Eminence Organic Skin Care and don't have time for a facial. The facial bar begins a brief skin analysis with the **bt-analyze™** moisture analysis meter which assists me in gaining factual bio-marker measurements in multiple areas of the face, neck, and décolleté. These measurements, in conjunction with the visual and physical examination of the skin, will allow me to determine the appropriate products and services for your skin type. I will then walk you through how to use and apply each product on yourself so that you can receive hands on experience with the products.
